**About Karger Publishers**

Karger Publishers is the largest medical and scientific publishing company in Switzerland. Headquartered in Basel, Switzerland, Karger Publishers is present with 250 employees in 15 countries around the globe. Independent and family-run in the fourth generation, the publishing house (est. 1890) is dedicated to serving the information needs of the scientific community with publications of high-quality content, covering all fields of medical science. The publication program comprises 50 new books per year and more than 100 peer-reviewed journals with a growing number of open-access publications. Karger content is published predominantly in English, with a strong focus on basic and clinical research, and is largely available online.
